NOTE DE L'AUTEUR

Non ! Vous ne vous êtes pas trompés chers lecteurs Vous avez bien lu, n'ayez crainte, vous n'êtes pas sujet d hallucination ou de distraction, c'est bien EVOR Arcalion qu il y a écrit sur la couverture et non STEVE Arcalion, héros auquel vous vous étiez habitués La raison pour laquelle apparait ce nouveau personnage est toute simple Je vais vous la révéler :

C est en lisant les "SCORPIONS DU DESERT", livre captivant de Hugo PRATT, que tout a commencé C est en découvrant cette histoire passionnante relatant, dans l'aventure du légendaire KOINSKY, la guerre du désert 1940-41, que je voulais m écarter pour un moment de la science-fiction Donc, vous allez être entraînés dans un tout autre univers, en pleine guerre une des plus importantes du XXe siècle Le personnage principal qui vous sera présenté, nommé EVOR, est un ancêtre de STEVE Je n ai pas voulu me séparer de la lignée ARCALION et d une autre lignée que vous découvrirez à la fin du livre Alors j espère que vous passerez un bon moment en notre compagnie dans ces 50 pages

9 Décembre 1940, Desert de Libye; c'est la tombée de la nuit; une chaleur se fait encore sentir. Je ne me suis pas encore habitué au climat de ce continent. Mes compagnons et moi-même embarqués cinq jours plus tôt sur le "Picasso" (un navire de commerce britannique) nous avait emmenés ci, en Méditerranée, mais à la suite d'un contrôle italien le quart de la patrouille où j'étais a réussi à s'enfuir. De plus tous les gens qui nous accompagnaient ont été tués par des Lybiens.

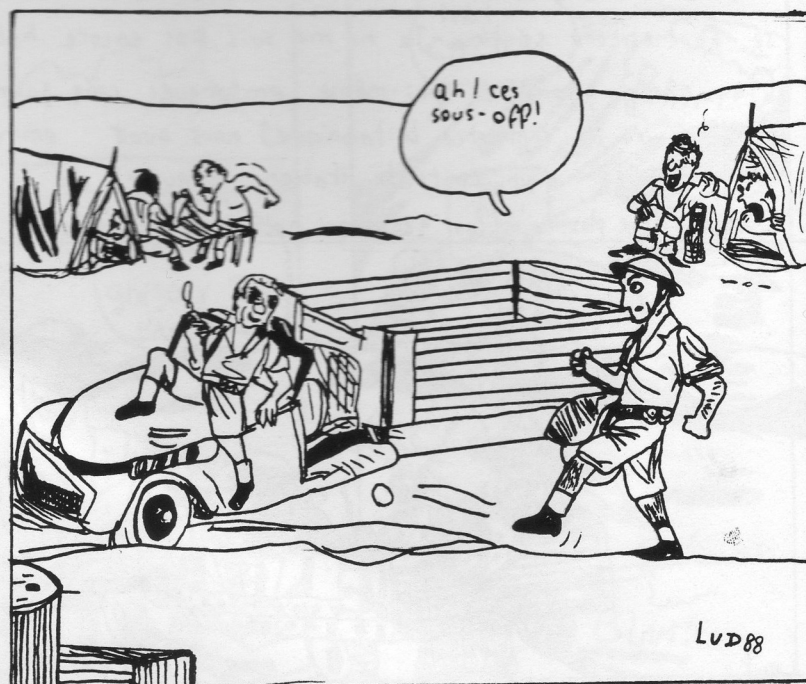

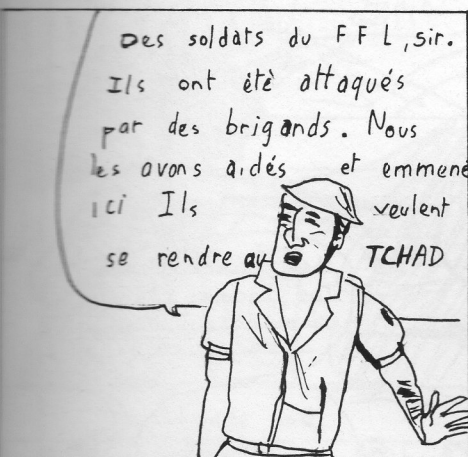

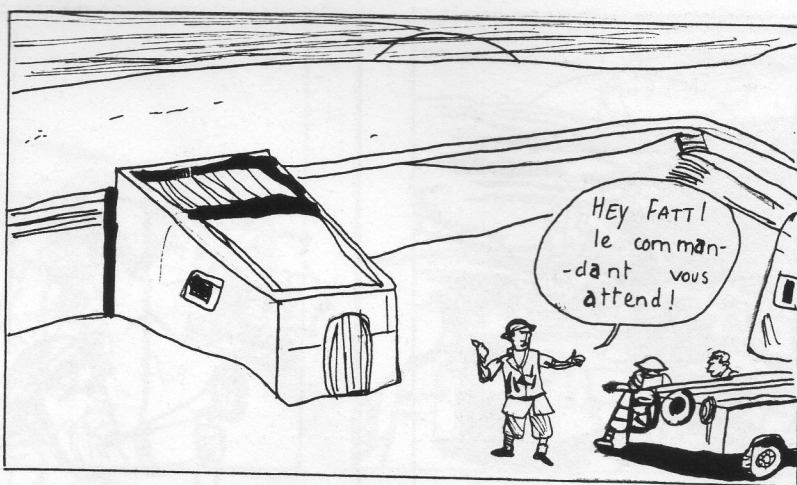

Alors! vous êtes français.

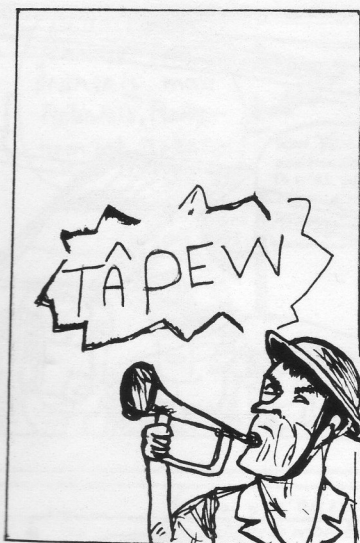

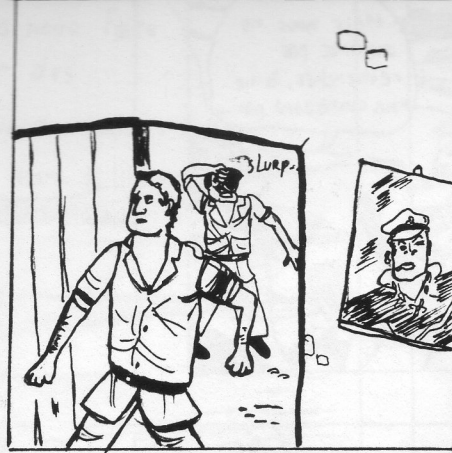

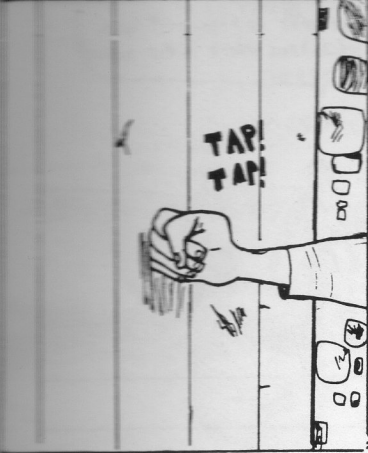

La royal gueule
Porces françaises libres, qui continuent de se battre contre les forces de l'Axe
